How to Register for Wiley eTOC Alerts
(For users without a Wiley Online Library Account)*

*If you have an existing Wiley Online Library Account, please log into your account and follow Steps 4-7

**Step 1:** Register for a Wiley Online Library Account [here](#). Fill out the registration form and select “Submit Registration.”
Step 2: Once you have submitted your registration, you must confirm your registration via an authentication email within 72 hours.

Step 3: Once your registration email has been authenticated, log into Wiley Online Library with your registered account here.

Step 4: Using the search bar, enter a TWS journal title (The Journal of Wildlife Management, Wildlife Monographs, or The Wildlife Society Bulletin). Select the “Publication titles” radio button under the search bar and then select the arrow.
Step 5: Select the checkbox next to the journal title and then select “Get Email Alerts.” You should then receive a message that says “Alerts added to My Profile.” Repeat Steps 4-5 until you are signed up for all TWS journals.

Step 6: Manage your alerts by selecting “My Profile” on the top right hand menu. Once in your in the “My Profile” page, select “Alert Manager.”
Step 7: Once you are in your Alert Manager, you may edit the frequency of your email alerts for journals.

Congratulations, you are now signed up for eTOC alerts for TWS journals!
