- Resolutions and Statement-Vodehnal spoke briefly about letters in most recent CMPS newsletters-1st Issue concerning removing wildlife as authorized purpose for management of Missouri River by COE; 2nd Issue relative to cap on CRP and linking conservation compliance to crop insurance. Vodehnal feels it is important for the Section to engage on issues relative to 7 states and will need help with this endeavor. More will be discussed later as Conservation Affairs becomes more prevalent with guidance from parent TWS.

## Old Business

One service cut by parent TWS this past year was Leadership Institute and Chapters/Sections were asked along with other donors to keep this important program going. Stay tuned as more is to come.

Also, the by-laws have now officially changed to allow electronic voting and elections would cease 14 days prior to the annual meeting to facilitate and encourage newly elected board members to attend. Vodehnal destroyed the ballots.
