

THE WILDLIFE SOCIETY

Leaders in Wildlife Science, Management and Conservation

Policy Priority Reference List Strategic Conservation Planning

Federal land management agencies implement planning and land use rules that have a direct impact on wildlife conservation and management across the U.S. Methods are modified and developed over time in response to new science and changing political landscapes.

FARM BILL PROGRAMS

- Adams, H. L., L. W. Burger, and S. Riffell.** 2013. Disturbance and landscape effects on avian nests in agricultural conservation buffers. *The Journal of Wildlife Management* 77:1213–1220.
- Burger, L. W.** 2006. Creating wildlife habitat through federal farm programs: An objective-driven approach. *Wildlife Society Bulletin* 34:994–999.
- Burger, L. W., D. McKenzie, R. Thackston, and S. J. Demaso.** 2006. The role of farm policy in achieving large-scale conservation: Bobwhite and buffers. *Wildlife Society Bulletin* 34:986–993.
- Ciuzio, E., W. L. Hohman, B. Martin, M. D. Smith, S. Stephens, A. M. Strong, and T. Vercauteren.** 2013. Opportunities and challenges to implementing bird conservation on private lands. *Wildlife Society Bulletin* 37:267–277.
- Dahlgren, D. K., R. Chi, and T. A. Messmer.** 2006. Greater sage-grouse response to sagebrush management in Utah. *Wildlife Society Bulletin* 34:975–985.
- Fontaine, J. J., C. F. Jorgensen, E. F. Stuber, L. F. Gruber, A. A. Bishop, J. J. Lusk, E. S. Zach, and K. L. Decker.** 2017. Species distributions models in wildlife planning: agricultural policy and wildlife management in the great plains. *Wildlife Society Bulletin* 41:194–204.
- Gray, R. L., and B. M. Teels.** 2006a. Contributions of the Farm Bill on fish and wildlife. *Wildlife Society Bulletin* 34:905–905.
- Gray, R. L., and B. M. Teels.** 2006b. Wildlife and fish conservation through the Farm Bill. *Wildlife Society Bulletin* 34:906–913.
- Kaminski, M. R., G. A. Baldassarre, and A. T. Pearse.** 2006. Waterbird responses to hydrological management of wetlands reserve program habitats in New York. *Wildlife Society Bulletin* 34:921–926.
- King, S. L., D. J. Twedt, and R. R. Wilson.** 2006. The role of the wetland reserve program in conservation efforts in the Mississippi River Alluvial Valley. *Wildlife Society Bulletin* 34:914–920.
- Krapu, G. L., D. A. Brandt, and R. R. Cox.** 2004. Less waste corn, more land in soybeans, and the switch to genetically modified crops: trends with important implications for wildlife management. *Wildlife Society Bulletin* 32:127–136.
- Perlut, N. G., A. M. Strong, and T. J. Alexander.** 2011. A model for integrating wildlife science and agri-environmental policy

in the conservation of declining species. *The Journal of Wildlife Management* 75:1657–1663.

- Riley, T. Z.** 2004. Private-land habitat opportunities for prairie grouse through federal conservation programs. *Wildlife Society Bulletin* 32:83–91.
- Warner, R. E., S. L. Etter, L. M. David, and P. C. Mankin.** 2000. Annual set-aside programs: A long-term perspective of habitat quality in Illinois and the midwest. *Wildlife Society Bulletin* 28:347–354.

CONSERVATION RESERVE ENHANCEMENT PROGRAM

- Blank, P. J., G. P. Dively, D. E. Gill, and C. A. Rewa.** 2011. Bird community response to filter strips in Maryland. *The Journal of Wildlife Management* 75:116–125.
- O’Neal, B. J., E. J. Heske, and J. D. Stafford.** 2008. Waterbird response to wetlands restored through the Conservation Reserve Enhancement Program. *The Journal of Wildlife Management* 72:654–664.
- Pabian, S. E., A. M. Wilson, and M. C. Brittingham.** 2013. Mixed responses of farmland birds to the Conservation Reserve Enhancement Program in Pennsylvania. *The Journal of Wildlife Management* 77:616–625.
- Pabian, S. E., A. M. Wilson, S. R. Klinger, and M. C. Brittingham.** 2015. Pennsylvania’s Conservation Reserve Enhancement Program benefits ring-necked pheasants but not enough to reverse declines. *The Journal of Wildlife Management* 79:641–646.
- Teels, B. M., C. A. Rewa, and J. Myers.** 2006. Aquatic condition response to riparian buffer establishment. *Wildlife Society Bulletin* 34:927–935.

CONSERVATION RESERVE PROGRAM

- Blank, P. J.** 2013. Northern bobwhite response to Conservation Reserve Program habitat and landscape attributes. *The Journal of Wildlife Management* 77:68–74.
- Brown, D. J., D. M. Spontak, M. N. Tibbets, A. R. Connolly, and J. T. Baccus.** 2009. Enhancing the Farm Bill’s conservation potential through land prioritization. *The Journal of Wildlife Management* 73:620–625.
- Davros, N. M., D. M. Debinski, K. F. Reeder, and W. L. Hohman.** 2006. Butterflies and continuous Conservation

- Reserve Program filter strips: Landscape considerations. *Wildlife Society Bulletin* 34:936–943.
- Doxon, E. D., and J. P. Carroll.** 2010. Feeding ecology of ring-necked pheasant and northern bobwhite chicks in Conservation Reserve Program fields. *The Journal of Wildlife Management* 74:249–256.
- Eggebo, S. L., K. F. Higgins, D. E. Naugle, and F. R. Quamen.** 2003. Effects of CRP field age and cover type on ring-necked pheasants in eastern South Dakota. *Wildlife Society Bulletin* 31:779–785.
- Evans, K. O., L. W. Burger, C. S. Oedekoven, M. D. Smith, S. K. Riffell, J. A. Martin, and S. T. Buckland.** 2013. Multi-region response to conservation buffers targeted for northern bobwhite. *The Journal of Wildlife Management* 77:716–725.
- Evans, K. O., L. W. Burger, S. K. Riffell, M. D. Smith, D. J. Twedt, R. R. Wilson, S. Vorisek, C. Rideout, and K. Heyden.** 2014. Avian response to conservation buffers in agricultural landscapes during winter. *Wildlife Society Bulletin* 38:257–264.
- Gill, D. E., P. Blank, J. Parks, J. B. Guerard, B. Lohr, E. Schwartzman, J. G. Gruber, G. Dodge, C. A. Rewa, and H. F. Sears.** 2006. Plants and breeding bird response on a managed Conservation Reserve Program grassland in Maryland. *Wildlife Society Bulletin* 34:944–956.
- Greenfield, K. C., L. W. Burger Jr., M. J. Chamberlain, and E. W. Kurzejeski.** 2002. Vegetation management practices on Conservation Reserve Program fields to improve northern bobwhite habitat quality. *Wildlife Society Bulletin* 30:527–538.
- Grovenburg, T. W., C. N. Jacques, R. W. Klaver, and J. A. Jenks.** 2010. Bed site selection by neonate deer in grassland habitats on the northern Great Plains. *The Journal of Wildlife Management* 74:1250–1256.
- Grovenburg, T. W., R. W. Klaver, and J. A. Jenks.** 2012a. Spatial ecology of white-tailed deer fawns in the northern Great Plains: Implications of loss of conservation reserve program grasslands. *The Journal of Wildlife Management* 76:632–644.
- Grovenburg, T. W., R. W. Klaver, and J. A. Jenks.** 2012b. Survival of white-tailed deer fawns in the grasslands of the northern Great Plains. *The Journal of Wildlife Management* 76:944–956.
- Haroldson, K. J., R. O. Kimmel, M. R. Riggs, and A. H. Berner.** 2006. Association of ring-necked pheasant, gray partridge, and meadowlark abundance to Conservation Reserve Program grasslands. *The Journal of Wildlife Management* 70:1276–1284.
- Henningsen, J. C., and L. B. Best.** 2005. Grassland bird use of riparian filter strips in southeast Iowa. *The Journal of Wildlife Management* 69:198–210.
- Herkert, J. R.** 2007a. Conservation Reserve Program benefits on Henslow’s sparrows within the United States. *The Journal of Wildlife Management* 71:2749–2751.
- Herkert, J. R.** 2007b. Evidence for a recent Henslow’s sparrow population increase in Illinois. *The Journal of Wildlife Management* 71:1229–1233.
- Hughes, J. P., R. J. Robel, and K. E. Kemp.** 2000. Factors influencing mourning dove nest success in CRP Fields. *The Journal of Wildlife Management* 64:1004–1008.
- Igl, L. D., and D. H. Johnson.** 2016. Effects of haying on breeding birds in CRP grasslands. *The Journal of Wildlife Management* 80:1189–1204.
- Jacobs, R. B., F. R. Thompson, R. R. Koford, F. A. La Sorte, H. D. Woodward, and J. A. Fitzgerald.** 2012. Habitat and landscape effects on abundance of Missouri’s grassland birds. *The Journal of Wildlife Management* 76:372–381.
- Jones, P. D., M. R. Mixon, and S. Demarais.** 2009. Habitat quality following mid-rotation treatment in Conservation Reserve Program pines. *The Journal of Wildlife Management* 73:1166–1173.
- Linde, S. A., S. D. Roberts, T. E. Gosselink, and W. R. Clark.** 2012. Habitat modeling used to predict relative abundance of bobcats in Iowa. *The Journal of Wildlife Management* 76:534–543.
- Lupis, S. G., T. A. Messmer, and T. Black.** 2006. Gunnison sage-grouse use of Conservation Reserve Program fields in Utah and response to emergency grazing: A preliminary evaluation. *Wildlife Society Bulletin* 34:957–962.
- Matthews, T. W., J. S. Taylor, and L. A. Powell.** 2012a. Mid-contract management of Conservation Reserve Program grasslands provides benefits for ring-necked pheasant nest and brood survival. *The Journal of Wildlife Management* 76:1643–1652.
- Matthews, T. W., J. S. Taylor, and L. A. Powell.** 2012b. Ring-necked pheasant hens select managed Conservation Reserve Program grasslands for nesting and brood-rearing. *The Journal of Wildlife Management* 76:1653–1660.
- Matthews, T. W., A. J. Tyre, J. S. Taylor, J. J. Lusk, and L. A. Powell.** 2013. Greater prairie-chicken nest success and habitat selection in southeastern Nebraska. *The Journal of Wildlife Management* 77:1202–1212.
- McCoy, T. D., E. W. Kurzejeski, L. W. Burger Jr., and M. R. Ryan.** 2001. Effects of conservation practice, mowing, and temporal changes on vegetation structure on CRP fields in northern Missouri. *Wildlife Society Bulletin* 29:979–987.
- Osborne, D. C., and D. W. Sparling.** 2013. Multi-scale associations of grassland birds in response to cost-share management of conservation reserve program fields in Illinois. *The Journal of Wildlife Management* 77:920–930.
- Osborne, D. C., D. W. Sparling, and R. L. Hopkins.** 2012. Influence of conservation reserve program mid-contract management and landscape composition on northern bobwhite in tall fescue monocultures. *The Journal of Wildlife Management* 76:566–574.
- Reynolds, R. E., T. L. Shaffer, C. R. Loesch, and R. R. Cox.** 2006. The Farm Bill and duck production in the prairie pothole region: Increasing the benefits. *Wildlife Society Bulletin* 34:963–974.
- Reynolds, R. E., T. L. Shaffer, R. W. Renner, W. E. Newton, and B. D. J. Batt.** 2001. Impact of the Conservation Reserve Program on duck recruitment in the U.S. prairie pothole region. *The Journal of Wildlife Management* 65:765–780.
- Shirk, A. J., M. A. Schroeder, L. A. Robb, and S. A. Cushman.** 2017. Persistence of greater sage-grouse in agricultural landscapes. *The Journal of Wildlife Management* 81:905–918.
- Singleton, L. C., B. G. Sladek, L. W. Burger, and I. A. Munn.** 2013. Bird community response to mid-rotation management in conservation reserve program pine plantations. *Wildlife Society Bulletin* 37:189–197.

Weber, W. L., J. L. Roseberry, and A. Woolf. 2002. Influence of the Conservation Reserve Program on landscape structure and potential upland wildlife habitat. *Wildlife Society Bulletin* (1973-2006) 30:888–898.

White, C. G., S. H. Schweitzer, C. T. Moore, I. B. P. III, and L. A. Lewis-Weis. 2005. Evaluation of the landscape surrounding northern bobwhite nest sites: A multiscale analysis. *The Journal of Wildlife Management* 69:1528–1537.

JOINT VENTURES

Brasher, M. G., J. D. Steckel, and R. J. Gates. 2007. Energetic carrying capacity of actively and passively managed wetlands for migrating ducks in Ohio. *The Journal of Wildlife Management* 71:2532–2541.

Denton, J. C., C. L. Roy, G. J. Soulliere, and B. A. Potter. 2012. Current and projected abundance of potential nest sites for cavity-nesting ducks in hardwoods of the north central United States. *The Journal of Wildlife Management* 76:422–432.

Doherty, K. E., A. J. Ryba, C. L. Stemler, N. D. Niemuth, and W. A. Meeks. 2013. Conservation planning in an era of change: State of the U.S. prairie pothole region. *Wildlife Society Bulletin* 37:546–563.

Howerter, D. W., M. G. Anderson, J. H. Devries, B. L. Joynt, L. M. Armstrong, R. B. Emery, and T. W. Arnold. 2014. Variation in mallard vital rates in Canadian Aspen Parklands: The Prairie Habitat Joint Venture assessment. *Wildlife Monographs* 188:1–37.

Kross, J., R. M. Kaminski, K. J. Reinecke, E. J. Penny, and A. T. Pearse. 2008. Moist-soil seed abundance in managed wetlands in the Mississippi Alluvial Valley. *The Journal of Wildlife Management* 72:707–714.

O’Neal, B. J., J. D. Stafford, and R. P. Larkin. 2012. Stopover duration of fall-migrating dabbling ducks. *The Journal of Wildlife Management* 76:285–293.

RESOURCE MANAGEMENT PLAN

Fedy, B. C., K. E. Doherty, C. L. Aldridge, M. O’Donnell, J. L. Beck, B. Bedrosian, D. Gummer, M. J. Holloran, G. D. Johnson, N. W. Kaczor, C. P. Kirol, C. A. Mandich, D. Marshall, G. Mckee, C. Olson, A. C. Pratt, C. C. Swanson, and B. L. Walker. 2014. Habitat prioritization across large landscapes, multiple seasons, and novel areas: an example using greater sage-grouse in Wyoming. *Wildlife Monographs* 190: 1-39.
