

Read the most talked about papers from The Wildlife Society publications

Altmetrics are metrics and qualitative data that are complementary to traditional, citation-based metrics. They can include (but are not limited to) discussions on research blogs, mainstream media coverage, and mentions on social networks such as Twitter. The **Altmetric Attention Score** for a research output indicates the amount of attention it has received.

Most Talked About Research

Polar bear attacks on humans: Implications of a changing climate
Wildlife Society Bulletin

The true cost of partial fencing: Evaluating strategies to reduce reptile road mortality
Wildlife Society Bulletin

How publishing in open access journals threatens science and what we can do about it
