

18 June 2021

The Honorable Jason Crow
1229 Longworth House Office Building
Washington, D.C. 20003

Dear Representative Crow,

The Colorado Chapter of The Wildlife Society would like to thank you for signing on in support of the Recovering America's Wildlife Act.

The state of Colorado alone has more than 55 of the more than 12,000 at-risk species identified across the U.S. by state and tribal wildlife professionals. By cosponsoring the Recovering America's Wildlife Act, you are empowering state agency wildlife professionals to address this alarming trend in population decline in a proactive, cost effective manner. You are also providing tribal wildlife agencies with the resources needed to plan long-term conservation projects into the future.

The Colorado Chapter of The Wildlife Society, along with The Wildlife Society headquarters, work to inspire, empower, and enable wildlife professionals to sustain wildlife populations and habitat through science-based management and conservation. By cosponsoring this legislation, you have shown your support for state and tribal wildlife professionals working on the front lines of conservation.

We thank you again and look forward to working with your office on this important legislation going forward. Please feel free to reach out to our chapter with any other wildlife conservation or management issues that arise in your district.

Regards,

Erin Blair
Conservation Affairs Network Representative
Colorado Chapter of The Wildlife Society
