RE: Thank you for supporting Recovering America's Wildlife Act

Dear Senator Cramer,

The North Dakota Chapter of The Wildlife Society is writing to you to thank you for your co-sponsorship of the Recovering America's Wildlife Act. As an organization representing 273 wildlife and natural resources professionals across North Dakota, we greatly appreciate your commitment to at-risk species conservation efforts.

By cosponsoring the Recovering America's Wildlife Act, you are empowering the North Dakota Game and Fish Department, North Dakota's tribal agency professionals, and partners here in North Dakota to address the alarming trend in at-risk species population decline in a cost-effective manner. Along with the rest of the conservation community, The North Dakota Chapter of the Wildlife Society and our membership thank you for showing your support for natural resources professionals working on the front lines of conservation.

We look forward to your continued engagement on this game-changing legislation as the conservation community works toward its passage.

With Greatest Regard,
The North Dakota Chapter of the Wildlife Society Executive Board
