THE

# WILDLIFE PROFESSIONAL

## Deep Ecology

Cave conservation is benefiting some of the rarest — and least understood — species

Policy, predators, and public trust

How to approach trauma in the workplace

Promoting professionalism with TWS' certification

## Contents

### January/February 2023

Vol. 17 No. 1

## FEATURES

### SPECIAL FOCUS + HUNTERS AIDING CONSERVATION

#### 26 **Expanding Reach, Resources and Public Involvement**

Indiana's response to disease events among deer was central to maintaining public confidence

*By Joe Caudell and Emily McCallen*

#### 30 **Hunting for Information**

Iowa's archery hunters are helping inform management

*By Dan J. Kaminski, Tyler M. Harms, Jennifer E. Fredrickson and Vince D. Eversizer*

#### 36 **A Challenge to Live with Wolves**

Is anti-wolf sentiment motivated by anger at other people?

*By Jill Eileen Richardson*

#### 40 **The Wildlife Society's 2022 Photo Contest Winners**

#### 45 **Policy, Predators and the Public Trust**

Biology and politics both play important roles in wildlife management

*By Brian F. Wakeling*

#### 50 **Acknowledging Trauma in the Workplace**

Most of us experience trauma in our lives.

How should we approach it at work?

*By Michelle Doerr and Breanne Hiivala Cahoy*

#### 56 **Are you certified?**

Wildlifers should embrace certification to support professional standards and build public confidence

*By Calvin DuBrock, Al Arsenault, Steven Castleberry, Rhys Evans and Valerie Ramirez*
